

Research Scholars' Symposium on Social Network Analysis (RSS SNA' 17)

April 4th, 2017

About the College

SSN Institutions, founded by Dr. Shiv Nadar, Chairman, HCL Technologies, stands out as a premier center of higher learning with a mission of pursuing excellence in education and research. SSN College of Engineering, established in 1996, is one of the premier institutions in the state with the mission of excellence in engineering education. SSN is equipped with accomplished faculty, world class facilities and residential campus set on an expansive 227 acre nature locked atmosphere. All these facilities have enabled SSN to be regularly ranked as one of the leading engineering colleges in India. Apart from this, SSN has created affiliations with global universities such as Carnegie Mellon University (US), National Tsing Hua University (Taiwan), and Aichi Institute of Technology (Japan) to provide its students with opportunities to engage with the best minds from different cultures across the world. SSN College of Engineering has faculty strength of 260 with a faculty student ratio of 1 faculty for every 15 students. SSN offers attractive scholarships to encourage merit and to make education accessible to students of all economic strata. It has 400 scholarships every year to meritorious and deserving students.

About Department of Information Technology

The department of Information Technology (IT) was established in the year 1999. The mission is to provide quality education to the students and impart IT excellence in them. The department has been recognized as a research centre by Anna University, Chennai. It has many ongoing projects funded by DST, DIT, DRDO, AICTE, and SSN trust and has organized many faculty development programmes and short-term training programmes sponsored by Anna University, AICTE, and ISTE. Periodic guest lectures and workshops are conducted for the students to supplement the curriculum. This facilitates our students to update their knowledge on par with the industry standards.

About RSS SNA

Social networking is intensely shifting the way people communicate and interact on day today basis. Online social networks are seen as an imperative means of information source, connecting the dots - aiding in connecting disconnected individuals and improving communication between globally dispersed individuals. A significant knowledge-share in the form of applications and research contributions has developed around this field. RSS SNA strives to bring together academic, R&D, and industry researchers from these disciplines to act as a forum that addresses research challenges associated with this rapidly evolving domain.

Registration Fee

	IEEE Members	Others
Faculty / Research Scholars / PG Students	₹ 200	₹ 250

Last date for registration: 31st March, 2017
