About Cyber Security Working Group (CSWG)

The Cyber Security Working Group (CSWG) is an active forum in the Department of IT comprising faculty members and students who have been conducting a series of activities like seminars, workshops and conclaves in association with various academic and industry partners for the past three years. The group was able to successfully create awareness and impart knowledge to the students and faculty fraternity through lectures and practical sessions.

Scope of the seminar

Following the computerization and informatization, presently we are in the emerging era of cyberization where the presence of cyber space could be realized in every aspect of our life like healthcare, banking, transportation and various other sectors. The rapid growth of this era is seen through the emerging computing and information communication technologies like cognitive cyber- physical systems and social computing and networking. This seamless integration of social and physical spaces has a number of pressing challenges associated to safety and trust in securing personal data. The objective of National Seminar on Cyber Security is to provide a common platform for students, faculty members and researchers to discuss, share and identify ongoing and emerging challenges in the broad scope of cyber-related science, technology, and application topics.

Registration Link <https://bit.ly/2F50jG8>

Important dates Registration opens on 1st February 2019
Registration closes on 5th March 2019

	Students	Research Scholars & Faculty members
	Rs. 200/-	Rs. 400/-
Payment details	Mode of payment	RTGS/NEFT/E-payment
	Account details	THE PRINCIPAL, SSN COLLEGE OF ENGINEERING Name of the bank : Tamilnad Mercantile Bank Ltd Branch : Chennai - Thiruvanmiyur Account No. : 158100050070022 Account Type : Savings IFSC Code : TMBL0000158

Keynote Speakers

Dr. M. Sethumadhavan
Professor and Head,
TIFAC CORE in Cyber Security

<https://www.amrita.edu/faculty/msethu>

Dr. Ponnurangam Kumaraguru
"PK"

Associate Professor &
Director, Precog @ IIITD
Founding Head, Cybersecurity
Education and Research Centre
(CERC) @ IIITD
TEDx Speaker, ACM
Distinguished
Speaker

<http://precog.iiitd.edu.in/people.html>

Experts from industry will also be present for discussion

Topics to be discussed

- Industry perspective of IoT Security
- Blockchain Wallets for real-time application
- Privacy & Security in Online Social Networks

Live Demos on:

- Protocols for IoT Security Analysis
- Blockchain applications in education & healthcare
- Smart campus using SIoT technology
- OSINT & SOCMINT tools
