<b>Sl. No.</b>	<b>Title</b>	<b>Inventors</b>	<b>Department</b>	<b>Number</b>
1	System and method for automated handling of document processing workload	Dr. Sriram Kailasam	CSE	US 2012/0057191 A1
2	A process for preparing bulk synthesis of fine particle single-phase battery grade S	Dr. Siluvai Michael	Chemistry	MY – 122753-A
3	An improved process for the preparation of lithiummanganese oxide useful as cathode material	Dr. Sivuvai Michael	Chemistry	C01B0060021; C01B0060024
4	A process for the preparation of composition useful for treatment of electrodeposited zincnickle alloy to enhance corrosion resistance.	Dr. Siluvai Michael	Chemistry	C07D2330000
5	Process for preparation of intermediates of bendamustine	Dr. Davis Presley	Chemistry	WO 2012/007966 A2
6	Test strip for free chlorine analysis	Dr. K. Yamuna	Chemistry	US005491094A
7	Calorimetric test strips	Dr. K. Yamuna	Chemistry	US006541269A
8	Dynamic pre-resolve charge recovery logic	Dr. V.S. Kanchana Bhaaskaran	ECE	Publication Date : 07/02/2014
