ABOUT SSN

Sri Sivasubramaniya Nadar College of Engineering (SSN CE), an autonomous institution affiliated to Anna University, founded by Dr. Shiv Nadar, Chairman of HCL Technologies, is a philanthropic venture to give back to the society that nurtured him. SSN CE has been highly ranked and very reputed educational institution in Tamilnadu, India, stands out as a premier center of higher learning with a mission of pursuing excellence in education and research. The institution, with their diverse and dynamic community of students, offer a distinctive combination of some of the finest graduate, undergraduate and research programs, accomplished faculty, world-class facilities, and a residential campus set on a sprawling 250 acres.

SSN CE is accredited by NAAC with A+ grade. NBA, AICTE, New Delhi has accredited 7 UG and 4 PG programs. Within a span of 22 years, SSN has grown into one of the top educational institutions in the country and becomes an autonomous institute in the year 2018. Some of the salient features of SSN are: Ranked 45th in Engineering Category and 89th among all educational institutions in India Rankings 2021 by NIRF, MHRD; The state-of-the-art infrastructure with over 1.8 million square feet of buildings; Spacious hostels, sports facilities and faculty quarters within the campus; A student body of 4300+ students, 500 PhD scholars and 280 faculty members, around 90% of whom are PhDs

ABOUT CHEMICAL ENGINEERING DEPARTMENT

The Department of Chemical Engineering was started in the year 2004. An area of 5400 sqm is dedicated to our department. The department currently offers B. Tech, M.Tech and PhD. The department has well-established laboratories. The department promotes research in areas like Natural product extraction, Nanotechnology, Sol-gel synthesis, Biosorption, Hydrotrophy, CFD and Algae Biofuels. Many of the students actively participate in research and publish papers in reputed journals.

CALL FOR PAPER (ORAL/POSTER)

Chemical Engineering

- Chemical Reaction Engineering
- Safety Engineering
- Nanotechnology
- Process Modeling and Simulation
- Transport Process
- Biochemical Engineering
- Food processing Technology
- Modern Separation Techniques
- Thermodynamics

Energy Engineering

- Petroleum Engineering
- Renewable & Non-Renewable Energy
- Biorefinery
- Waste to Energy
- Energy storage and Conversion

Environmental Engineering

- Bioremediation
- Air Pollution control
- Green technology
- Environmental impact Assessment
- Population Studies
- Solid wastewater Management
- Solid waste Management
- Adsorption and Biosorption
- Biological wastewater Treatment

ABOUT OUR CONFERENCE

This conference promotes the major themes of modern chemical Engineering, environmental engineering and energy engineering. These fields have developed a lot in the past two decades. The research quest in these novel areas have yielded various attractive results that are beneficial for the development of humanity. Furthermore, it is concerned with finding plausible solutions in the field of public health, such as arthropodborne diseases implementing which promote adequate sanitation in urban, rural and recreational areas.

ABSTRACT SUBMISSION

The abstract should be not more than 400 words and must be containing the title, name of the author (s), the name of Institution, keywords typed in MS word in A-4 size paper. Font used should be of size 12 in Times New Roman. Detail regarding instructions for the author(s) for the full length paper will be mailed after acceptance of abstracts. It is compulsory for at least one author to get registered for the conference.

Note: In the abstract, the theme for call for paper should be clearly mentioned.

The organizing secretariat reserves the rights to final decision in all matters related to the conference.

Abstracts shall be submitted via email to
raceee2023@gmail.com
