

INTERNSHIP REPORT 2022-24

SSN College has effectively concluded its Summer Internship Program for the MBA Class of 2022-24, marking a successful end to this phase for the twenty-third batch. This dynamic season was marked by the enthusiastic involvement of prominent corporate entities such as **Nestle, Pick Your Trail, Karkinos Healthcare, Neeyamo, Bigtapp, EchoVME, RAK Ceramics and Rane Group** linings.

The batch (2022-24) completed an intensive 8-week summer internship between June and August 2023. The response from companies to collaborate with SSN's students has been exceptionally positive. All the students have been effectively engaged in either research endeavors or professional practical experiences. These internships encompassed tackling demanding assignments and providing solutions to real-world issues faced by the companies.

Currently, the students are preparing themselves for a project internship slated to take place from Feb to May 2024, spanning approximately 12 weeks. This internship generally occurs within the companies where they have already secured positions.

List of companies participated in Summer Internship for MBA 2022-24 batch:
