

Keynote Speakers

Dr. Bonaventura H. W. Hadikusumo

Professor, Construction Engineering and Infrastructure Management, Asian Institute of Technology, Thailand.

Dr. Sasitharan A/L Nagapan

Associate Professor, Department of Civil Engineering and built environment, University Tun Hussein Onn Malaysia (UTHM), Malaysia.

Dr. S. Surya Prakash

Professor, Department of Civil Engineering, IIT Hyderabad.

Dr. Palani G. S

Chief scientist, CSIR - Structural Engineering Research Centre, Chennai.

Dr. Prakash Nanthagopalan

Associate professor, Construction Technology and Management, Department of Civil Engineering, IIT Bombay.

Dr. S. Ganesh Kumar

Senior Scientist, Geotechnical Engineering, CSIR, Roorkee

Participation as Author

If one wants to participate as an author(s), he/she needs to submit an abstract of their work related to the conference theme in the prescribed format to the conference mail id, during the period when the call for abstracts opens. All abstracts will be subjected to review and intimation of the selection will be sent to the corresponding author. Following this, the author(s), need to send in their full manuscript in the prescribed format to the conference mail ID when the call for full papers is open. The submitted papers will be subjected to peer review and selected papers for presentation will be intimated to the authors within the stipulated time. Authors whose papers have been selected for presentation need to register for the conference as an author by paying the registration fee when the time for registration is open.

Only the registered authors will be allowed to participate and present their papers in the conference. Accepted papers shall be recommended for publications in Scopus Indexed Journals at an additional fee as required.

Advisory Committee

Dr. S. K. Bhattacharyya

Vice -Chancellor, Shiv Nadar University, Chennai

Dr. Devadass Menon

Institute Chair Professor,
Department of Civil Engineering IIT Madras.

Dr. N.Ganesan

Professor (HAG), Department of Civil Engineering,
NIT Calicut.

Mr. Narayana C S

Artelia Consulting Engineers Ltd., Chennai.

Dr. Nemkumar (Nemy) Banthia

Professor and Senior Canada Research Chair
(Emeritus), Department of Civil Engineering, The
University of British Columbia, Vancouver,
B.C., Canada

Ts. Dr. Salmia Beddu

Senior Lecturer, University Tenaga National,
Malaysia.

Dr. Moatasem Fayyadh

Principal Engineer - Civil and Structures,
Sydney water, Greater Sydney Area,
Sydney, Australia

Mr. K Senthil Nathan

Executive Vice President, Larsen & Toubro Ltd.,
Chennai.

Er. Muralidharan N G

Chairman, ICI Chennai Center.

Mr. Ashok Kumar

Chief Executive Officer, CMTI Bangaluru.

Registration Fees

Academicians	: ₹ 2500
Student/Research scholar	: ₹ 1000
Industry Delegate	: ₹ 3500
Foreign delegates	: \$ 50

SPICE

2024

Feb 14th & Feb 15th 2024

5th International Conference on
Sustainable Practices and
Innovations in Civil Engineering

www.spice2024.com

About the Conference

Civil Engineers innovate, create and renovate, keeping the constructed infrastructure facilities up and functioning at all times, responsible for flourishing civilizations throughout history. The situation is no different in modern times with them responsible for the efficient upkeep of the society. However, the mounting concerns towards environmental degradation due to developmental activities have led to the limelight falling on Sustainable Practices. Sustainability by definition is the method of using resource in a way that the resource is not depleted or permanently damaged. Despite the concept being as old as history, it has gained prominence in recent times. The American Society of Civil Engineers (ASCE) defines sustainability as a set of economic, environmental and social conditions in which all of society has the capacity and opportunity to maintain and improve its quality of life without degrading the quantity, quality or the availability of economic, environmental and social resources. Sustainable development is the application of these resources to enhance the safety, welfare, and quality of life for all of society. Practicing Civil Engineers, who are in control of all things from A to Z for a thriving human civilization, need to be responsible towards the economy, environment and society. This conference, **SPICE 2024**, thus, aims to be a platform for all stakeholders concerned to present, discuss, cooperate, redefine and innovate sustainable solutions for the continuance of the human civilization to higher levels of sophistication and technological advancement while still being nurtured in the cradle of nature.

About the Institution

Sri Sivasubramaniya Nadar College of Engineering (SSNCE), founded by Padma Bhushan Dr. Shiv Nadar, Chairman, HCL Technologies, stands out as a premier center of higher learning with a mission of pursuing excellence in education and research. The institution, with its diverse and dynamic community of students offers a distinctive combination of some of the finest undergraduate and research programs, accomplished faculty, world class facilities and a residential campus set on a sprawling 230 acres of sylvan surroundings. SSNCE is home to aesthetically designed buildings with state of the art computer and internet facilities, modern workshops, seminar halls, auditoriums and well stocked libraries, sports and games fields in addition to an indoor stadium with gym. SSNCE has over 300 well qualified and committed faculty. Ranked 45th in Engineering Category in NIRF 2023, and 80th among all educational Institutions. SSNCE has been accredited by NAAC with A++ grade. SSN faculties are ranked among top 2 % scientist in the world.

Conference Themes

Project Management
Green Building & Infrastructure Materials,
Waste & Recycling Sustainable Infrastructure
Sustainable Soil System
Geo-environmental Engineering
Ground Improvement Techniques
Environmental Engineering and Sustainability
Transportation Engineering
Hydraulics, Water Resources Engineering and
Irrigation Engineering
..... And not limited to the above.....

About the Department

The Department of Civil Engineering was started in the academic year 2011-12 with an aim of promoting high quality education in the field of Civil Engineering. The department has well equipped laboratory facilities and highly qualified faculty members having rich experience in teaching and industrial background. The department is aiming to transform itself into a centre of excellence both in academics and research. The department provides the right kind of environment for the students to groom themselves for an innovative and challenging future. The department regularly organizes seminar, guest-lectures, workshops, faculty development programs and conferences for the benefit of student and scholars. At the outset, the department is active in industrial collaboration and is active in communal research.
