Dear Sivakumar,

Here is my feedback on SSN College of Engineering, Civil Department

ALUMNI REFLECTIONS - Kilwish Nighjo

I am proud to be an alumnus of SSN College of Engineering, Civil Department, batch of 2023. My four years at SSN were the most memorable and rewarding ones of my life. I had the opportunity to learn from the best faculty, participate in various clubs and events, and develop my skills and personality.

I was also a class representative and the head of Lakshya, the Entrepreneurship Club of SSN, where I organized and conducted many events that inspired me to pursue my passion for entrepreneurship. The Civil Department supported me throughout my journey, providing me with internship opportunities, placement training, and academic guidance. The department also gave me the freedom to explore things that helped me pursue my passion.

I am grateful to the SSN Civil Department for shaping me into the person I am today. SSN has a special place in my heart and I will always cherish the memories and friendships I made there. If you are looking for a college that offers excellence, innovation, and diversity, then I recommend you to join and discover your true potential.

*Thanks & Regards,
Kilwish Nighjo,
Class Representative,
Civil Batch 2019 - 2023,
SSN College of Engineering.*
