Dear Aarthi Nunna:

I am pleased to inform you that you have been accepted for graduate study at the University of Massachusetts Amherst. This acceptance is in the Master of Science program in the College of Information and Computer Sciences. Congratulations!

You have been accepted for the Fall 2023 semester. Unless your academic department agrees to postpone your enrollment, admission for any other semester would require a new application.

This admission is contingent on the completion of your baccalaureate degree. An official copy of your final undergraduate transcript indicating receipt of your degree should be sent to this office as soon as your undergraduate work is complete. If your transcript does not clearly indicate the awarding of your degree, with the degree title and date awarded, we need the diploma and/or degree certificate in addition to the official final transcripts. You must submit these materials before the University of Massachusetts Amherst will allow you to formally begin your graduate studies.

We encourage you to log in to SPIRE to accept this offer of admission, defer your decision to no later than April 15, or withdraw your application. After entering SPIRE, click the 'Admissions & Status' tile on your Applicant Center home page.\* There is a confirmation status section that will allow you to inform the Graduate School of your enrollment plans. It is important that you log in and select one of these options to inform us of your decision.

\* If you do not see this tile, click Student Center at the top of the page and select Applicant Center (Grad).

Questions concerning assistantships and other program related matters should be addressed to the College of Information and Computer Sciences; other questions may be referred to the Graduate Student Service Center. For further information about the University of Massachusetts Amherst please visit our website at **[www.umass.edu/graduate](http://www.umass.edu/graduate)**.

With best wishes,

Dear Aditi Ramprasad,

Congratulations! I am pleased to offer you conditional admission to the Master of Professional Studies (MPS) in Information Science beginning the **Fall 2023** semester. This offer of admission is contingent upon certification of adequate financial resources. After accepting our offer, you will be sent an e-mail asking you to complete an online Admission Supplement for International Students. Submission of this form is required to finalize your admission and produce visa documents. This offer is also contingent upon the Graduate School Admissions office verifying that you have met our [English Language Proficiency Requirement](#). The Graduate School will contact you, and us, if there is an issue with the language test prior to processing your visa documents.

We look forward to welcoming you to the MPS community and working with you to meet your career goals. We are very pleased to be offering admission to top applicants from around the world and hope you will decide to become a part of our program. The program is course-based, in which students learn from top faculty in the Information Science field and complete projects on many exciting topics.

The Master of Professional Studies Program is a **two-semester** program. All students are expected to plan their schedules and adhere to the University deadlines for adding and dropping courses in order to successfully complete the required course credits within **two semesters**, and to graduate in **May 2024**. The [academic calendar](#) is where you will find the deadlines for enrollment along with other key academic dates.

We provide an online checklist to help with your course planning and keep you on track to graduate. You will be sent a link to your checklist in August prior to course enrollment. You will be responsible for making sure your checklist is up to date whenever you enroll or change your enrollment. Course enrollment and making sure all degree requirements are met to graduate on time is ultimately the student's responsibility.

We are not able to offer financial support for your MPS program. Students are responsible for securing their own funding. The estimated cost of attendance is listed

below. These figures are based on a single student's living expenses without dependents. If you will be accompanied by dependents, your estimated expenses will be recalculated accordingly. If you are currently in the U.S. on a student visa, you will need to complete a Transfer Form or Change in Student Status Form. Please direct questions about these forms to your current university's international student office.

### The estimated cost of attendance for AY 23-24 is as follows:

Expense	Fall 2023	Spring 2024	Total
Tuition	\$32,602.00	\$32,602.00	\$65,204.00
Est. Living Expenses	\$12,185.50	\$12,185.50	\$24,371.00
*Est. Health Insurance	\$2,293.00	\$2,293.00	\$4,585.00
Student Activity Fee	\$43.00	\$43.00	\$86.00
<b>TOTAL</b>	<b>\$47,123.50</b>	<b>\$47,123.50</b>	<b>\$94,247.00</b>

*\*The final cost for the mandatory health insurance will be available June 2023.*

We do offer the opportunity for students to apply for part time Teaching Assistant jobs, also known as Graduate Teaching Research Specialist (GTRS) during the semester. These positions provide a modest stipend, for the past AY the stipend was approximately \$7,000 per semester for 7-10 hours per week of work. There is no tuition or student health insurance compensation for these positions. The available positions are limited, and there is no guarantee everyone who applies will be offered a job. We will send a survey out to students who have accepted our admission offer later in July asking for your interest along with the list of classes where a position is available.

Although your application has been acted upon at this time, if you are currently an undergraduate student, final admission is also contingent upon satisfactory completion of your undergraduate degree, with academic performance comparable to that completed to date and your degree being conferred prior to starting the program. You will be required to submit official transcripts with your degree certification to the [Cornell University Graduate School](#), unless you attended Cornell University for your undergraduate studies. If this is the case The Graduate School can access your Cornell transcript so there is no need to have this sent.

Because this is a competitive program, we would appreciate your decision as soon as possible. You are responsible for submitting your decision online by logging into your application [here](#). If you accept the offer, the response system will prompt you to pay a nonrefundable acceptance fee deposit of \$800 in order to secure your place in the MPS Program. Your decision will not be recorded until you pay the acceptance deposit. Once you have responded to the offer and paid the deposit, your student record will be created and the onboarding process will begin. If you choose to decline the offer, please complete the online response form and indicate why you have chosen to decline the offer. Your response and deposit must be received no later than **April 15, 2023**.

To help with your decision to accept our offer please check out the [virtual tour](#) of the campus, or you may schedule an in person campus tour, on your own, by visiting the University's Visit Campus [page](#).

Our fall **mandatory** in-person Orientation event will be Friday, August 18, from 8:30 am – 12:00 pm. More information about this event will be sent to you over the summer. All students should plan to be on campus, for this event.

Course enrollment typically starts for Graduate Students around August 15, the specific date will be added to the [University's Academic Calendar](#) in July. We will send out a link to our recorded webinar that will explain the enrollment process, and our curriculum requirements later this summer. You will be encouraged to view this on your own time prior to the start of course enrollment. The first day of classes is currently scheduled for **August 21, 2023**. internship please plan to end your internship in time to arrive on campus for the Orientation event and the first day of classes.

Incoming students must have taken at least an introductory computer science course and be comfortable with Python/Java programming. Familiarity with web programming languages such as HTML/CSS/JavaScript is not enough. If it has been awhile since you have taken a Python/Java programming course, the summer is a great time to brush up on these skills. Although this is not required, it will help you be more successful in some of your classes in the program.

All Cornell offers of admission are also contingent upon students continuing to uphold high standards of character in their academic and non-academic pursuits. Dear Sai Shridhar,

Congratulations! I am pleased to inform you that you have been admitted as a student to the Computer Science MS program at the University of Illinois Chicago (UIC) beginning in the Fall 2023 term.

The Graduate College requires that each degree student work with a department advisor in selecting courses. Details on advising will be communicated to you by the department, if they have not already done so. Available for students admitted to the University is my.UIC, a portal designed to assist students with the admission to registration process. Please go to [go.uic.edu/gradadmit](https://go.uic.edu/gradadmit) to access my.UIC, if you have not already done so. We encourage you to visit the portal regularly to check your messages and obtain new information.

Newly enrolled students are automatically enrolled in CampusCare, the University-sponsored health benefits program, when assessed the Student Health Insurance Fee along with the tuition. Consult the CampusCare website at [campuscare.uic.edu](https://campuscare.uic.edu) to obtain information about the program including permissible reasons to have it waived.

You have been classified as an international, nonresident student of Illinois. This status is for a person who is a citizen or permanent alien of a country other than the United States, who expects to return to a residence outside the United States, and either is, or proposes to be, a temporary alien in the United States for educational purposes only. As an international student you are required to see an advisor in the Office of International Services (OIS) at UIC to verify your current immigration status upon your arrival at UIC. Failure to do so may jeopardize your stay in the US. Any questions or concerns regarding your immigration status should be addressed to OIS.

Your admission is conditional upon receipt of certain required documents. If you are currently completing your bachelor's degree, you will need to submit a final, official transcript. If your admission is based on unofficial documents, we will need to receive official documents. The required documents that must be submitted are listed on your application status page. See our Admitted Student Guide at [go.uic.edu/gradadmit](https://go.uic.edu/gradadmit) for submission details. For specific questions about your admissions status or required documents, consult the Office of Admissions at (312) 996-4350.

Admission to the Graduate College is for a specific term. However, if you wish to defer admission, it is possible that you may do so for up to one year without reapplying. Please contact your department with any questions concerning deferral.

Again, congratulations! We look forward to providing you with an outstanding education.

Sincerely,

Karen J. Colley  
Dean

I am pleased to inform you that the department of Computer Science has made a recommendation that your application be approved for the Fall 2023 term. I would like to take this opportunity to congratulate you and hope that you will accept this offer and join us in the Fall. This recommendation has been forwarded to the Office of Graduate Admissions and your online admissions portal status will be updated to reflect your new enrollment information from that office within a couple of days.

We have received a large number of applications and your admission as part of a selected group of new graduate students reflects our confidence in you and your future academic potential. At this time, no assistantship position is available. **You will be responsible for funding your studies while at Florida State University.** Please plan your finances accordingly for this. For information on registration and tuition rates, please visit the Registrar's website (<http://registrar.fsu.edu>) and Student Business Services (<https://studentbusiness.fsu.edu/>). Any form of outside financial assistance must be reported to the Financial Aid office at (<http://financialaid.fsu.edu>). **FULL-TIME LOAD & OUTSIDE SUPPORT POLICIES:**

*Graduate studies should be engaged as a full-time endeavor. Students who are supported on a qualifying assistantship are expected to be fully engaged with their studies. Additional employment or activity, especially outside the Program is discouraged to ensure timely completion of one's degree. Requests for additional or outside, employment or activity will be evaluated for conflicts in accordance with CBA.*

*It is also University policy that each full-time student is required to register for a full load of at least 12 hours each fall and spring semester, unless the student is receiving an assistantship or fellowship that has other requirements. There is no requirement for summer hours until Thesis/Dissertation work begins. A student registering for fewer than 12 credit hours per semester must have written approval from his/her academic dean prior to registration. If you are an out-of-state student without support, provisions are in place to allow a reduced load of 9 hours upon completion of the "Out-of-State Reduced Load Permissions Form". Students receiving an assistantship or eligible departmental appointment are permitted a reduced load of no less than 9 hours.*

**PLEASE CHECK ONE OF THE FOLLOWING:**

- ☐ **Yes** I will be attending the Master's in Computer Science graduate program in the Computer Science department at Florida State University. Furthermore, I understand the full-time load policy as stated above and will comply.

**Council of Graduate Schools Resolution**

**Resolution Regarding Graduate Scholars, Fellows, Trainees and Assistants**

**\*\*\*The following language is required language for departmental appointments, but the dates associated with this language are intended for students that are going to receiving an initial appointment in either a summer or fall term. Students that are being appointed in the spring term do not have any published date considerations at the time of this letter.\*\*\***

**\*This Resolution was renewed October 2019 and applies to offers of financial support only, not offers of admission.**

Acceptance of an offer of financial support\* (such as a graduate scholarship, fellowship, traineeship, or assistantship) for the next academic year by a prospective or enrolled graduate student completes an agreement that both student and graduate school expect to honor. In that context, the conditions affecting such offers and their acceptance must be defined carefully and understood by all parties.

Students are under no obligation to respond to offers of financial support prior to April 15; earlier deadlines for acceptance of such offers violate the intent of this Resolution. In those instances in which a student accepts an offer before April 15, and subsequently desires to withdraw that acceptance, the student may submit in writing a resignation of the appointment at any time through April 15. However, an acceptance given or left in force after April 15 commits the student not to accept another offer without first obtaining a written release from the institution to which a commitment has been made. Similarly, an offer by an institution after April 15 is conditional on presentation by the student of the written release from any previously accepted offer. It is further agreed by the institutions and organizations subscribing to the above Resolution that a copy of this Resolution or a link to the URL should accompany every scholarship, fellowship, traineeship, and assistantship offer.

Dear Thanmayi,

Congratulations! I am pleased to inform you that you have been admitted as a student to the Computer Science MS program at the University of Illinois Chicago (UIC) beginning in the Fall 2023 term.

The Graduate College requires that each degree student work with a department advisor in selecting courses. Details on advising will be communicated to you by the department, if they have not already done so. Available for students admitted to the University is my.UIC, a portal designed to assist students with the admission to registration process. Please go to [go.uic.edu/gradadmit](https://go.uic.edu/gradadmit) to access my.UIC, if you have not already done so. We encourage you to visit the portal regularly to check your messages and obtain new information.

Newly enrolled students are automatically enrolled in CampusCare, the University-sponsored health benefits program, when assessed the Student Health Insurance Fee along with the tuition. Consult the CampusCare website at [campuscare.uic.edu](https://campuscare.uic.edu) to obtain information about the program including permissible reasons to have it waived.

You have been classified as an international, nonresident student of Illinois. This status is for a person who is a citizen or permanent alien of a country other than the United States, who expects to return to a residence outside the United States, and either is, or proposes to be, a temporary alien in the United States for educational purposes only. As an international student you are required to see an advisor in the Office of International Services (OIS) at UIC to verify your current immigration status upon your arrival at UIC. Failure to do so may jeopardize your stay in the US. Any questions or concerns regarding your immigration status should be addressed to OIS.

Your admission is conditional upon receipt of certain required documents. If you are currently completing your bachelor's degree, you will need to submit a final, official transcript. If your admission is based on unofficial documents, we will need to receive official documents. The required documents that must be submitted are listed on your application status page. Again, congratulations! We look forward to providing you with an outstanding education.

Dear prospective students in the international Master's programmes,

There are a lot of things to do before your Master's programme at TUHH starts in October 2023. This guideline will inform you about the important things you need to get done before your departure to Hamburg. If you have been admitted to the Joint Master's program in G-TIME you will get separate information by email.

We created this information in December 2022, you can find an updated version with current information on the following website: <https://www.tuhh.de/tuhh/en/studying/before-studying/degree-courses/international-study-programs/how-and-when-to-apply.html>. On this website you can also find an overview of all orientation and induction events for new students in the international master 's programmes.

If you have further questions after reading this information please don't hesitate to contact us by email: [study@tuhh.de](mailto:study@tuhh.de). Please understand that we can only answer questions sent by email which are not already answered in this guide or on our websites.

## 1. ADMISSION LETTER

You can download your certificate of admission (approval document) from the application portal. You will need the certificate of admission to apply for the visa, for a bank loan and later on for the German health insurance. Please note that TUHH doesn't send hardcopies of the certificate of admission by post mail. You can find a confirmation concerning study and living expenses on page 2 of the admission letter.

## 2. CLARIFY MONEY-RELATED QUESTIONS (AS SOON AS POSSIBLE!)

### Proof of Financial Resources

For your visa application (and also later on for your residence permit) you will need a proof of financial resources which shows that you can finance your studies and daily living costs in Germany. Students must prove that they have at least € 11.208 per year at their disposal. To get further information and the exact amount for the financial proof please contact the German embassy in charge directly: <https://www.auswaertiges-amt.de/en/aussenpolitik/laenderinformationen>

### Costs of Living and Semester Contribution

The costs of living in Hamburg are rather high. Students should count a minimum of €900 per month including accommodation, semester contribution and health insurance!

Each semester students have to pay a semester contribution of app. €360,-. A ticket for public transport (valid for 6 months throughout the public transportation network in Hamburg) is included within the semester contribution. New students will get the payment details after they have completed all the enrolment formalities.

Especially at the beginning, students might be required to spend more than 900 Euros in a month (e.g. to pay a deposit when renting a room, for the semester contribution and the fees for your residence permit). It is therefore highly recommended to make sure that you have access to sufficient financial means.

## 3. APPLY FOR APS CERTIFICATE (SHOULD ALREADY BE DONE!)

Applicants from China, India and Vietnam will need an APS certificate for the visa application and for the personal enrolment at TUHH. We assume that all affected applicants have already taken care of the APS certificate before starting their application, as recommended. The enrolment deadline at TUHH cannot be extended due to a missing APS certificate!

TUHH has no influence on the awarding requirements and the awarding process at the APS! The awarding of the APS certificates can also not be accelerated by TUHH! With all other questions regarding the APS certificate, please contact the Academic Evaluation Centre in charge directly:

#### 4. APPLY FOR A STUDENT VISA (AS SOON AS POSSIBLE!)

International students need a student visa to enter Germany! Visa application may take several months' time, for this reason you should apply for the student visa immediately! TUHH cannot accelerate the visa procedure. The enrolment deadline at TUHH cannot be extended due to a missing student visa! The TUHH does not issue certificates for applicants confirming that they can exceptionally come later than 04 October!

Students from the European Union (and some other countries) are exempted from this requirement. To check if you need a student visa and to get further information about the visa application please check the website of the German Embassy in charge of your place of residence: <https://www.auswaertiges-amt.de/en/aussenpolitik/laenderinformationen>

Do not enter Germany with a tourist visa or national residence permit issued by a Schengen country! If you do so, you have to leave Germany after 90 days and after that you cannot re-enter the country!

#### 5. APPLY FOR ACCOMMODATION (APPLICATION PERIOD: APRIL 27 – JUNE 15, 2023)

In Germany, public universities do not offer rooms in a student hall on campus and students do not automatically receive rooms when accepted by the university. They have to find accommodation by themselves! In Hamburg the accommodation situation for students is extremely difficult, as cheap accommodation is hard to find. It is very important to start the search for accommodation as soon as possible! **You have to arrange accommodation prior to your arrival. Do not trust on finding accommodation after your arrival!** In cooperation with the Studierendenwerk, who is the owner of the public student halls in Germany, the TUHH Accommodation Office can offer a limited number of Freshman Rooms in selected student halls and private housing. Please note, that there is a very high number of applications for rooms every year, therefore we recommend you to find accommodation by yourself before your arrival.

Application period: April 27 – June 15, 2023

Please check the following website for the exact application period: [www.tuhh.de/rooms](http://www.tuhh.de/rooms)

## 11. ARRANGING A GERMAN HEALTH INSURANCE

Students in Germany are obliged to be insured at a German statutory health insurance company (costs: app. €110 per month). Students with a DAAD scholarship also need a German statutory health insurance!

Students older than 30 years of age cannot sign up for a statutory health insurance, but have to apply for coverage with a private German health insurance.

Only students from EU member countries, Iceland, Liechtenstein, Norway or Switzerland, who are able to present a valid European Health Insurance Card (EHIC), don't have to arrange an additional German health insurance. The EHIC is valid all around Europe. However students with an EHIC cannot take up a student job or a paid internship in Germany. Students who are planning to do so should arrange a German statutory health insurance.

March 17, 2023

Dear Aditi Ramprasad,

Congratulations! I am pleased to offer you conditional admission to the Master of Professional Studies (MPS) in Information Science beginning the **Fall 2023** semester. This offer of admission is contingent upon certification of adequate financial resources. After accepting our offer, you will be sent an e-mail asking you to complete an online Admission Supplement for International Students. Submission of this form is required to finalize your admission and produce visa documents. This offer is also contingent upon the Graduate School Admissions office verifying that you have met our [English Language Proficiency Requirement](#). The Graduate School will contact you, and us, if there is an issue with the language test prior to processing your visa documents.

We look forward to welcoming you to the MPS community and working with you to meet your career goals. We are very pleased to be offering admission to top applicants from around the world and hope you will decide to become a part of our program. The program is course-based, in which students learn from top faculty in the Information Science field and complete projects on many exciting topics.

The Master of Professional Studies Program is a **two-semester** program. All students are expected to plan their schedules and adhere to the University deadlines for adding and dropping courses in order to successfully complete the required course credits within **two semesters**, and to graduate in **May 2024**. The [academic calendar](#) is where you will find the deadlines for enrollment along with other key academic dates.

We provide an online checklist to help with your course planning and keep you on track to graduate. You will be sent a link to your checklist in August prior to course enrollment. You will be responsible for making sure your checklist is up to date whenever you enroll or change your enrollment. Course enrollment and making sure all degree requirements are met to graduate on time is ultimately the student's responsibility.

We are not able to offer financial support for your MPS program. Students are responsible for securing their own funding. The estimated cost of attendance is listed

below. These figures are based on a single student's living expenses without dependents. If you will be accompanied by dependents, your estimated expenses will be recalculated accordingly. If you are currently in the U.S. on a student visa, you will need to complete a Transfer Form or Change in Student Status Form. Please direct questions about these forms to your current university's international student office.

**The estimated cost of attendance for AY 23-24 is as follows:**

Expense	Fall 2023	Spring 2024	Total
Tuition	\$32,602.00	\$32,602.00	\$65,204.00
Est. Living Expenses	\$12,185.50	\$12,185.50	\$24,371.00
*Est. Health Insurance	\$2,293.00	\$2,293.00	\$4,585.00
Student Activity Fee	\$43.00	\$43.00	\$86.00
<b>TOTAL</b>	<b>\$47,123.50</b>	<b>\$47,123.50</b>	<b>\$94,247.00</b>

*\*The final cost for the mandatory health insurance will be available June 2023.*

We do offer the opportunity for students to apply for part time Teaching Assistant jobs, also known as Graduate Teaching Research Specialist (GTRS) during the semester. These positions provide a modest stipend, for the past AY the stipend was approximately \$7,000 per semester for 7-10 hours per week of work. There is no tuition or student health insurance compensation for these positions. The available positions are limited, and there is no guarantee everyone who applies will be offered a job. We will send a survey out to students who have accepted our admission offer later in July asking for your interest along with the list of classes where a position is available.

Although your application has been acted upon at this time, if you are currently an undergraduate student, final admission is also contingent upon satisfactory completion of your undergraduate degree, with academic performance comparable to that completed to date and your degree being conferred prior to starting the program. You will be required to submit official transcripts with your degree certification to the [Cornell University Graduate School](#), unless you attended Cornell University for your undergraduate studies. If this is the case The Graduate School can access your Cornell transcript so there is no need to have this sent.

Because this is a competitive program, we would appreciate your decision as soon as possible. You are responsible for submitting your decision online by logging into your application [here](#). If you accept the offer, the response system will prompt you to pay a nonrefundable acceptance fee deposit of \$800 in order to secure your place in the MPS Program. Your decision will not be recorded until you pay the acceptance deposit. Once you have responded to the offer and paid the deposit, your student record will be created and the onboarding process will begin. If you choose to decline the offer, please complete the online response form and indicate why you have chosen to decline the offer. Your response and deposit must be received no later than **April 15, 2023**.

To help with your decision to accept our offer please check out the [virtual tour](#) of the campus, or you may schedule an in person campus tour, on your own, by visiting the University's Visit Campus [page](#).

Our fall **mandatory** in-person Orientation event will be Friday, August 18, from 8:30 am – 12:00 pm. More information about this event will be sent to you over the summer. All students should plan to be on campus, for this event.

Course enrollment typically starts for Graduate Students around August 15, the specific date will be added to the [University's Academic Calendar](#) in July. We will send out a link to our recorded webinar that will explain the enrollment process, and our curriculum requirements later this summer. You will be encouraged to view this on your own time prior to the start of course enrollment. The first day of classes is currently scheduled for **August 21, 2023**. All students must be prepared to attend classes when they start in August, late arrivals are not allowed. If you have a summer

internship please plan to end your internship in time to arrive on campus for the Orientation event and the first day of classes.

Incoming students must have taken at least an introductory computer science course and be comfortable with Python/Java programming. Familiarity with web programming languages such as HTML/CSS/JavaScript is not enough. If it has been awhile since you have taken a Python/Java programming course, the summer is a great time to brush up on these skills. Although this is not required, it will help you be more successful in some of your classes in the program.

Dear Sai Shridhar,

Congratulations! I am pleased to inform you that you have been admitted as a student to the Computer Science MS program at the University of Illinois Chicago (UIC) beginning in the Fall 2023 term.

The Graduate College requires that each degree student work with a department advisor in selecting courses. Details on advising will be communicated to you by the department, if they have not already done so. Available for students admitted to the University is my.UIC, a portal designed to assist students with the admission to registration process. Please go to [go.uic.edu/gradadmit](http://go.uic.edu/gradadmit) to access my.UIC, if you have not already done so. We encourage you to visit the portal regularly to check your messages and obtain new information.

Newly enrolled students are automatically enrolled in CampusCare, the University-sponsored health benefits program, when assessed the Student Health Insurance Fee along with the tuition. Consult the CampusCare website at [campuscare.uic.edu](http://campuscare.uic.edu) to obtain information about the program including permissible reasons to have it waived.

You have been classified as an international, nonresident student of Illinois. This status is for a person who is a citizen or permanent alien of a country other than the United States, who expects to return to a residence outside the United States, and either is, or proposes to be, a temporary alien in the United States for educational purposes only. As an international student you are required to see an advisor in the Office of International Services (OIS) at UIC to verify your current immigration status upon your arrival at UIC. Failure to do so may jeopardize your stay in the US. Any questions or concerns regarding your immigration status should be addressed to OIS.

Your admission is conditional upon receipt of certain required documents. If you are currently completing your bachelor's degree, you will need to submit a final, official transcript. If your admission is based on unofficial documents, we will need to receive official documents. The required documents that must be submitted are listed on your application status page. See our Admitted Student Guide at [go.uic.edu/gradadmit](http://go.uic.edu/gradadmit) for submission details. For specific questions about your admissions status or required documents, consult the Office of Admissions at (312) 996-4350.

Admission to the Graduate College is for a specific term. However, if you wish to defer admission, it is possible that you may do so for up to one year without reapplying. Please contact your department with any questions concerning deferral.

Again, congratulations! We look forward to providing you with an outstanding education.

Sincerely,

Karen J. Colley  
Dean

## What do you enjoy most about living in residence?

### ALYSSA

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and

then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

### CALEB

I really liked being close to the meal plan food locations along with grocery stores such as Food

Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

You do not need to email us if you do not have a criminal conviction.

**Important information**

We know that choosing to pursue a postgraduate degree is a big step. To help you through the process, please visit our dedicated offer holder webpages at [www.leeds.ac.uk/masters-offer](http://www.leeds.ac.uk/masters-offer). Here you will find lots of useful information, including details of accommodation, facilities and support. You will also be able to chat online to our current students to find out more about life at the University of Leeds.

Please be aware that we will continue to review our courses and other elements of the student experience in response to COVID-19, as required. We may need to adapt our provision to ensure students remain safe. For the most up-to-date information on COVID-19, regularly visit our website, which we will continue to update: [www.leeds.ac.uk/covid19faqs](http://www.leeds.ac.uk/covid19faqs).

### **Course information**

Important up-to-date information about your course can be found at [courses.leeds.ac.uk](http://courses.leeds.ac.uk). This includes course content, outline module information (including which modules are compulsory or optional), methods of teaching and assessment, and whether your course is professionally accredited. You will also be able to see the circumstances where changes may be made to your course.

The University reviews all our courses on a regular basis. The exact details of the modules available, including methods of teaching and assessment and specific content, are due to be published on 2 May 2023 in the University's Module and Programme Catalogue at [www.leeds.ac.uk/PGTprogramme-catalogue](http://www.leeds.ac.uk/PGTprogramme-catalogue). In the unlikely event that there are any significant changes since you submitted your application, you will be notified.

### **Paying your fees**

If you are self-funding, you must either pay your fee in full before you register or pay 50% before you register and set up an instalment plan to pay the remaining balance. Please do not use third-party agents to transfer payments to the University of Leeds, as this can significantly increase your risk of being exposed to financial crime.

You may be asked to supply details on the source of your funds. We must do this (where relevant) as part of the controls implemented by the University to ensure compliance with financial sanctions and anti-money laundering regulations, and to ensure our bank will accept payments from you. This offer of study does not guarantee that we can accept your source of payment and failure to provide an acceptable source of payment may result in the withdrawal of this offer. During your studies and as part of the ongoing controls required to ensure compliance, we may require further information regarding the source of funds associated with payments. Failure to provide this information may affect your ongoing status as a student.

If you are receiving a Postgraduate Master's Loan from Student Finance England you can set up an alternative instalment plan of three payments by direct debit in line with your loan payments. This will only be available if we have received confirmation from Student Finance England that your Postgraduate Master's Loan has been approved, therefore you are encouraged to apply as early as possible at [www.gov.uk/masters-loan/apply](http://www.gov.uk/masters-loan/apply). The Postgraduate Master's Loan is available to help with course fees and living costs while you study and therefore may not cover your tuition fees in full. For more information about postgraduate loans and eligibility, please see [www.gov.uk/masters-loan](http://www.gov.uk/masters-loan).

If you are from a Channel Island or the Isle of Man, you should seek guidance from your island education office.

If you are sponsored by a third-party organisation, you must provide an official sponsor letter before you register. Please visit [www.leeds.ac.uk/sponsoredstudents](http://www.leeds.ac.uk/sponsoredstudents) for more information.

Further information on fees, student loans and payment arrangements can be found at [www.leeds.ac.uk/mastersfees](http://www.leeds.ac.uk/mastersfees).

### **Scholarships**

Postgraduate students at the University of Leeds benefit from a wide range of full and partial tuition fee scholarships and maintenance awards from the University and external organisations. Due to the diversity of awards available, our scholarship application forms are customised and the criteria for eligibility vary between schemes. For more information, please visit our scholarships website at [masters-scholarships.leeds.ac.uk](http://masters-scholarships.leeds.ac.uk).

### **Student visas**

If you need a Student visa to study in the UK you will require a Confirmation of Acceptance for Studies (CAS) from the University. The earliest that a CAS can be issued is six months before the course start date and after you have met the conditions of your offer, supplied all the necessary information, such as your passport details, and paid a tuition fee deposit of £1,500, if applicable. You do not need to contact us to request a CAS. You must obtain your visa before travelling to the UK. We will only ask you to pay the deposit if you accept an unconditional offer via the application portal. More information about the deposit will be sent to you at that time. You should only pay if you are committed to attending for this year of entry.

If you are already in the UK and have a Student visa, (previously known as Tier 4) for a different institution, and you meet the conditions of applying for a new Student visa in the UK, you will not be able to register or start your studies unless you can provide evidence that you have used your University of Leeds CAS to apply for a Student visa to study with us.

You should make your visa application as soon as you have the required supporting documents (academic and financial). This offer of study does not guarantee that the University will be able to sponsor you for a Student visa. For more information, please see [www.leeds.ac.uk/studentvisa](http://www.leeds.ac.uk/studentvisa).

### **Membership and alumni**

As a University of Leeds student, you will automatically become a member of the University. This membership usually continues beyond your time of study as you will join a community of over 300,000 Leeds alumni, representing the University's lifetime commitment to you. You will have access to certain University services and a vast support network and will have opportunities to attend events and reunions, learn about volunteering and fundraising, stay connected and create new connections that can help your career.

### **Contract, withdrawal and disclaimer**

This letter together with the student contract make up the agreement between you and the University. A copy of the student contract can be found at [www.leeds.ac.uk/studentcontract](http://www.leeds.ac.uk/studentcontract).

You may cancel your agreement with the University and withdraw from your course, without reason, up to 14 days after the start date of your course (as stated on this letter) by emailing [registration@leeds.ac.uk](mailto:registration@leeds.ac.uk). You can also cancel this agreement and withdraw from the University if there is a material change to your course or fees that you do not agree to.

The University may terminate our agreement with you, not permit you to re-register next year and require you to withdraw from the University, if you become unfit to study or otherwise fail to meet your commitments to the University, for example, by the non-payment of fees, inappropriate conduct or making unsatisfactory academic progress.

The **University's disclaimer** can be found within the student contract. **We recommend you read the student contract** as it includes more details on the above points, together with other important information concerning your rights and commitments.

**Privacy notice**

The University will process your personal data for the administration of your position as a student, including the use of University services, such as residential services, lecture capture, attendance monitoring, the Library and sports facilities.
