Career Development Workshop by Alumni Association

Career Development Programme from Mechanical Department

As part of the monthly alumni activities, an interaction session for December 2024 was conducted with **Ms. Shoba Elumalai**, an alumna from the 2022 batch of B.E. Mechanical Engineering. The session, organized for second-year undergraduate Mechanical Engineering students, took place online on **December 28, 2024**, from 11:00 a.m. to 12:00 p.m.

Ms. Shoba Elumalai, an outstanding student of her batch, shared her professional journey as a Piping Stress Engineer at DOW Chemicals. She provided valuable insights into selecting project topics, IFSPs, and other academic activities based on individual areas of interest. Additionally, she offered practical advice on interview preparation, resume development, and other career-oriented skills.

The undergraduate students asked a variety of insightful questions during the session, including:

- What is the impact of internships, whether paid or unpaid, on placements and higher studies?
- Is the role in a company chosen by us or assigned to us?
- What steps should we take to change roles when transitioning from one company to another?
- What are the implications of frequently switching companies?
- What level of patent achievement is expected from a college student?
- Can we refine and narrow down our area of interest during the IFSP or final-year project stages?

Guest's Profile

Shoba Elumalai graduated from the Department of Mechanical Engineering in 2022. She is currently working as a Piping Stress Engineer at DOW Chemical Corporation, Chennai. She began her career at DOW Chemical immediately after graduating from SSN in 2022.

DOW Chemical Company

The Dow Chemical Company is an American multinational corporation headquartered in Midland, Michigan, United States. In 2021, it was ranked among the three largest chemical producers in the world. The company operates as a subsidiary of Dow Inc., a publicly traded holding company incorporated under Delaware law.

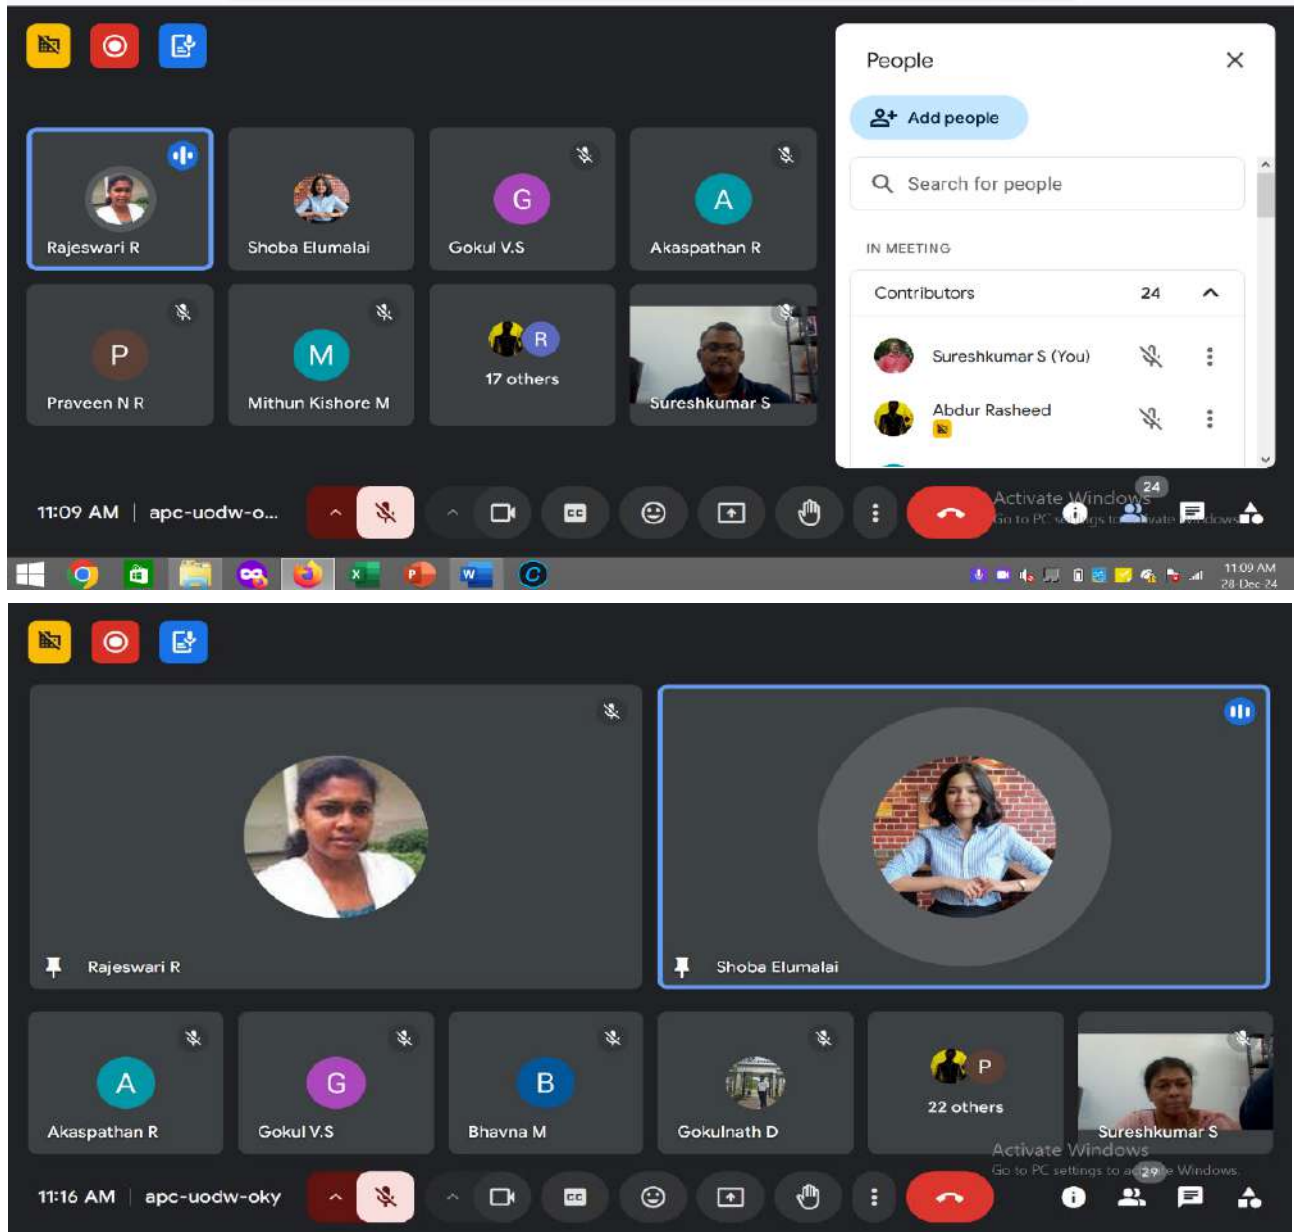

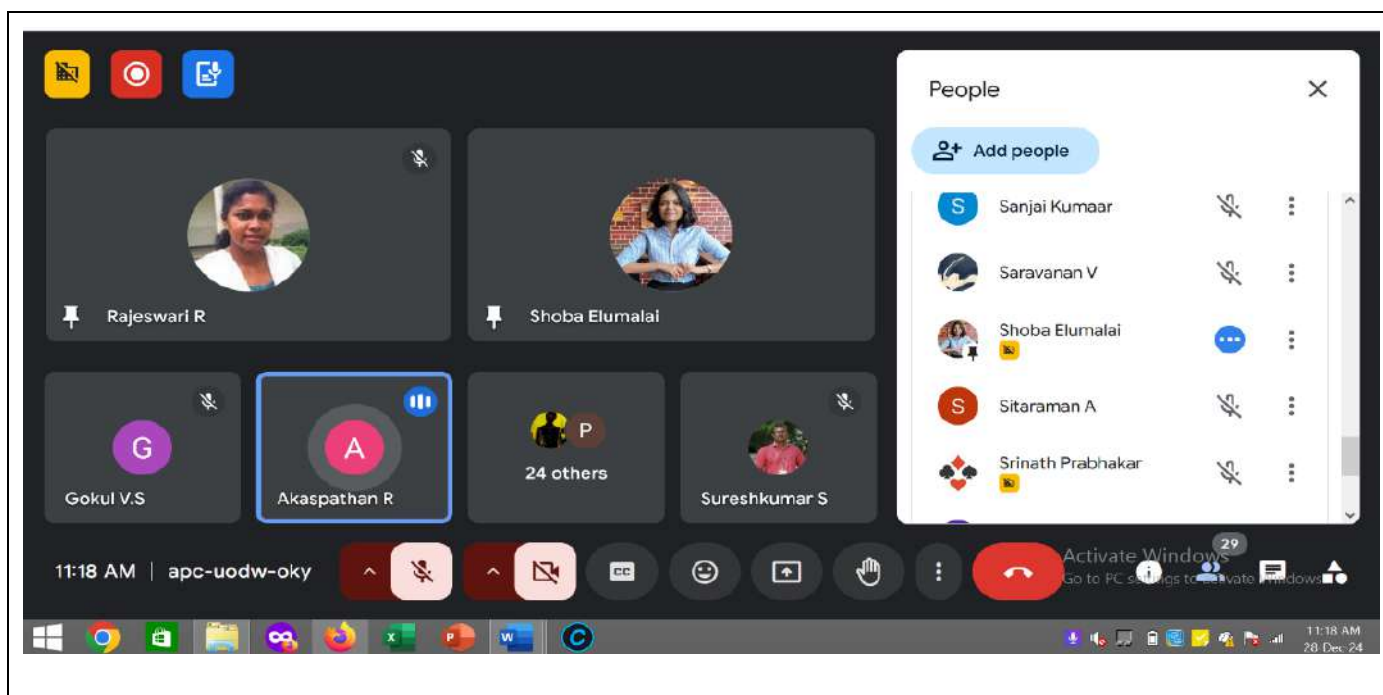

Ms. Shoba Elumalai
An Alumnus of 2022

With a presence in approximately 160 countries, Dow employs around 36,000 people globally. Known as the "chemical companies' chemical company," its primary sales are to other industries rather than directly to end-use consumers. Dow is also a member of the American Chemistry Council. Events conducted by Alumni

Event: Alumni Invited as Speakers for “Six-Day Faculty Development Program (FDP) on Advanced AI: Tools and Algorithms (AATA-2024)” – CSE Dept.

The Department of Computer Science and Engineering (CSE) at SSN College of Engineering successfully organized the Second Six-Day Faculty Development Program (FDP) on “Advanced AI: Tools and Algorithms (AATA-2024)” from December 16 to 21, 2024. Esteemed alumni were invited as speakers to deliver insightful sessions, sharing their expertise and enriching the program with their knowledge.

Alumni Talk 1: Dr. Subalalitha on “Fine-Tuning Large Language Models: A Hands-On Approach”

Dr. Subalalitha, Professor at SRM Institute of Science and Technology, Chennai, and an alumna of the PG 2004–2006 batch, is the Founder and Director of FirstLanguage Technologies Pvt. Ltd. She visited the campus on December 16, 2024, to deliver a talk on “Fine-Tuning Large Language Models with Hands-On” during the Second FDP on Advanced AI: Tools and Algorithms (AATA-2024).

Dr. Subalalitha Shares Insights on Fine-Tuning Large Language Models at AATA-2024

Alumni Talk 2: Dr. Sowmya Sundram on “Introduction to Multimodal LLMs: CLIP, DALL-E, Flamingo”

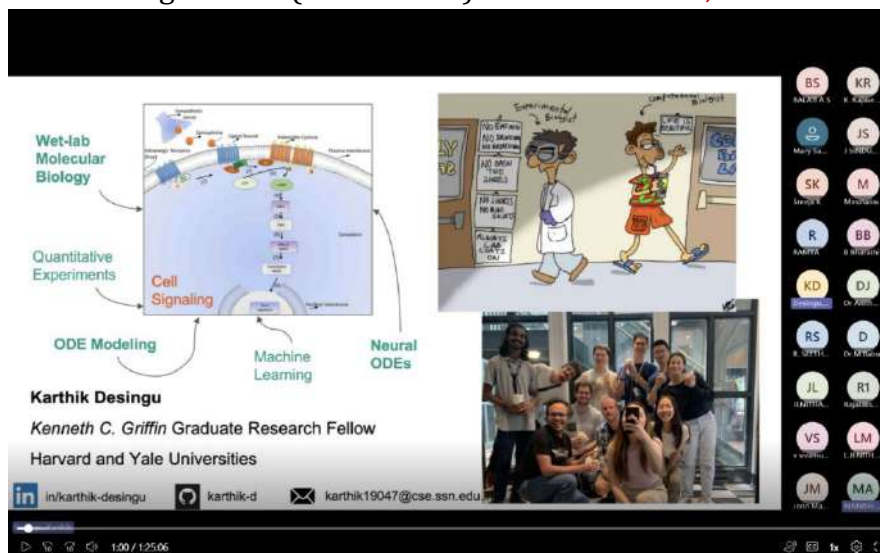

Dr. Sowmya Sundram, a **Postdoctoral Researcher** at **Stanford School of Medicine** and an alumna of the **UG Batch: 2009–2013**, delivered a talk on “Introduction to Multimodal LLMs: CLIP, DALL-E, Flamingo” via online mode during the Second FDP on Advanced AI: Tools and Algorithms (AATA-2024) on **December 19, 2024**.

Exploring Multimodal LLMs: Dr. Sowmya Sundram's Session at AATA-2024

Alumni Talk 3: **Mr. Karthik Desingu** on “Generative Models in Biological Applications”

Mr. Karthik Desingu, **Griffin Graduate Research Fellow** at **Yale and Harvard Universities**, **New York City Metropolitan Area, USA**, and an alumnus of the **UG Batch: 2018–2022**, delivered a talk on “Generative Models in Biological Applications” via online mode during the Second FDP on Advanced AI: Tools and Algorithms (AATA-2024) on **December 20, 2024**.

Mr. Karthik Desingu Presents on Generative Models in Biological Applications at AATA-2024

Alumni Talk 4: **Ms. Gomathy Dhanya S** on “Building Robust Tamil ASR Systems with Whisper and Custom Fine-Tuning”

Ms. Gomathy Dhanya S, a **Software Developer** at **KLA, Chennai**, and an alumna of the **UG Batch: 2020–2024**, delivered a talk on “Building Robust Tamil ASR Systems with Whisper and Custom Fine-Tuning” during the Second FDP on Advanced AI: Tools and Algorithms (AATA-2024) on **December 21, 2024**.

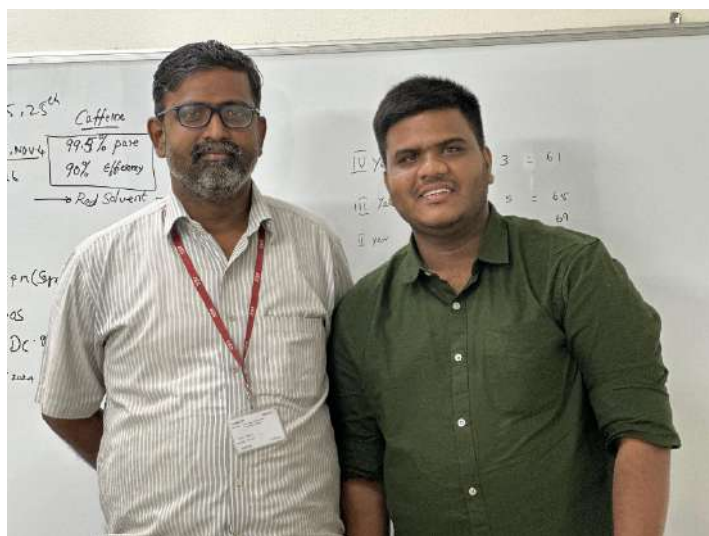

Building Robust Tamil ASR Systems: Ms. Gomathy Dhanya S at AATA-2024

Alumni Visits and Interactions

Alumni Visits and Interactions from the Chemical Department

Alumni Interaction 1:

Mr. R. J. B. Jaha Guru, an alumnus of the Chemical Engineering Department (**Batch 2017-2021**) currently serving as the **Head of Sales and Distribution** at **Balaji Tools and Hardware**, visited the department on **December 10, 2024**, and interacted with the HoD and faculty members.

Alumni Interaction 2:

Mr. Enico Felix, an alumnus of the Chemical Engineering Department (**Batch 2006-2010**), currently working as a **Senior Associate** at **CTS**, visited the department on **December 16, 2024**, and interacted with the HoD and faculty members.

Alumni Visits and Interactions from the Civil Department

Tribute 2025 was organized by the SSN Alumni Association on **January 4, 2025**, at the college premises. This year, the Department of Civil Engineering witnessed an overwhelming number of registrations and enthusiastic participation from alumni, who came together to reflect on and reminisce about their cherished memories at SSN.

The alumni visited the college, reconnecting with faculty members and the Head of the Civil Department, **Dr. N. Sivakumar**. They expressed their joy in returning to their alma mater after many years. A few alumni also took the opportunity to interact with current students, offering valuable guidance on various career paths and entrepreneurial opportunities available to them.

The Department of Civil Engineering looks forward to welcoming and hosting many more alumni of SSNCE in the future.

Department of Civil Engineering, SSNCE - Alumni Reunion during 'Tribute' 2025 on 04.01.2025

Cherished Reunions: Tribute 2025 - Civil Engineering Alumni Reconnect at SSN

Alumni Visits and Interactions from the Biomedical Department

The **Department of Biomedical Engineering** at SSN College of Engineering recently had the privilege of hosting **Mr. Vignesh R**, an alumnus from the **Batch of 2018**, for an inspiring interaction with faculty and students. During the session, **Vignesh** shared his remarkable journey, which stands as a testament to perseverance and determination.

Reflecting on his college days, he candidly **spoke about the challenges he faced as a lateral-entry student**. Despite these obstacles, his unwavering resolve and focus propelled him forward. Vignesh went on to complete his **M.Tech in Biomedical Engineering at IIT Madras** and is now working as a **Junior Research Fellow (JRF) at IIT Madras**—a true testament to his resilience and dedication.

During the interaction, Vignesh **highlighted the importance of embracing failures as stepping stones to success**. He encouraged students to explore opportunities beyond academics, hone their technical skills, and remain committed to their goals.

Breaking Barriers: The Inspiring Journey of a Lateral Entry Student from SSN to IIT

The session left students highly motivated and provided valuable career insights, particularly for those aspiring to excel in the field of biomedical engineering. **Vignesh's journey serves as a powerful reminder that with persistence and hard work, challenges can be transformed into opportunities for growth and success.**

The Department of Biomedical Engineering extends its heartfelt thanks to Vignesh for taking the time to visit SSN and inspire the next generation of biomedical engineers.

Alumni Visit @ BME Department during Tribute'25:

Alumni Visits and Interactions from the IT Department

The following alumni visited the IT Department and interacted with Dr. P. Vasuki, Faculty Alumni Coordinator during Tribute'25, held on January 4, 2025.

Alumni Interaction 1:

Alumni Visit: Shyamal Rao, Rahul, Karthik (2002-2006), Vishal (2020), and Sahana (2020) Reconnect with the IT Department - Tribute'25

Alumni Achievements

Tribute '25 was conducted on 4th January 2025. **Mr. Shyamal Rao Palli** (Department of IT, 2002-2006 Batch) wins the Distinguished Alumnus Award 2025.

Heartfelt congratulations to **Mr. Shyamal Rao Palli** (Department of IT, 2002-2006 Batch) on being awarded the prestigious **Distinguished Alumnus Award 2025!** Your exceptional achievements and unwavering commitment to excellence are an inspiration to us all. This recognition is a testament to your remarkable contributions in both your professional career and to the SSN community. **Wishing you continued success in all your future endeavors!**

A Proud Moment: Shyamal Rao Palli Wins the Distinguished Alumnus Award 2025

Alumni Write up

Write up 1: Mr. Gowsik Ganesan (MBA, SSN School of Management, 2021-2023 Batch)
Senior Manager – Transformation, Strategy & Execution - Daimler India Commercial Vehicles

Mr. Gowsik Ganesan shares his thoughts and experiences at SSN School of Management.

SSN is an explorer's paradise—filled with opportunities, fun, and learning. During my two years in the program, I explored and experimented, immersing myself in various academic and co-curricular activities

I still remember my first month at the college, where I felt a bit hesitant to express myself, as I came from an engineering background with three years of IT experience. It wasn't that I doubted myself, but I was re-entering to the college culture. My journey started with hosting a virtual National Conference, and gradually, I took on roles such as Student Alumni Representative, Secretary for the Management Fest – DAKSHA, Sports Captain for the PG house, and hosting and organizing various academic and cultural events.

Notably, my roles as Student Alumni Representative and Secretary were instrumental in shaping my skills and attitude. I was fortunate to receive two merit scholarships during my time at SSN, and I was recognized as the Best Outgoing Student of my batch. These milestones were a testament to the support and encouragement provided by the institution.

The faculty members were incredibly approachable, mentoring us while understanding our interests and potential. I would say that my key strengths—networking and a perfection-oriented mindset—were nurtured through the ecosystem that SSN offers.

Looking at my profile, it reflects more horizontal growth rather than vertical growth in a focused area. I completed internships in three distinct areas: HR (Hiring Support), Transportation & 3PL, and a Tamil Nadu Startup Company. These opportunities were all provided by the institution, which recognized my interest in pursuing a consulting career.

Two years of college life will always remain etched in my heart. I am truly grateful to the institution for identifying talent and offering multiple avenues to showcase it. I can still recall the colorful memories—sleepless exam preparations, clock tower conversations, celebrations, parties, and travels with friends.

The School of Management at SSN prepares you for the real world by helping you navigate challenging business opportunities. My best wishes to the current batch for a wonderful learning experience.

Write up 2: Mr. Rishi S P (Department of EEE, 2017-2021 Batch)
Development Engineer, Mbit Wireless Pvt. Ltd.

I am **Rishi Pasupathy**, an alumnus of SSN's Department of Electrical and Electronics Engineering (EEE).

Looking back on my time at SSN, I am filled with immense gratitude for the opportunities and support that shaped both my academic and personal growth. Pursuing a B.E. in Electrical and

Electronics Engineering was not just about mastering technical concepts—it was about evolving into a well-rounded individual with a deeper understanding of the world.

What made my journey truly special were the incredible professors who guided me every step of the way. Beyond delivering the curriculum, they went the extra mile to deepen my intuitive understanding of core concepts.

My professors didn't limit their support to academics; they actively encouraged us to pursue innovative projects and provided opportunities to turn our ideas into tangible outcomes. I had the privilege of working on an internally funded project during my final year, where I explored the design and analysis of a PMSM drive for electric traction. This experience allowed me to develop practical expertise using tools like MATLAB and Ansys, while also enhancing my analytical and problem-solving skills.

The exposure to advanced tools and problem-solving approaches at SSN proved invaluable during my tenure at Mbit Wireless as a Verification Engineer. My responsibilities included verifying RTL blocks for LTE protocols. The ability to quickly adapt to semiconductor industry tools and methodologies, such as System Verilog, UVM, and Perl scripting, stemmed from the strong technical foundation I built at SSN. The rigorous curriculum and emphasis on technical and practical learning enabled me to thrive in a dynamic and challenging industry environment.

Beyond academics, SSN provided a vibrant platform for holistic development. I had the opportunity to contribute to departmental conferences—not only by assisting with organization but also by participating in creative avenues such as musical performances. These experiences helped me develop essential soft skills, including teamwork, communication, and leadership. Additionally, workshops, seminars, and technical events broadened my knowledge and inspired me to stay updated with emerging trends in technology.

SSN didn't just provide me with an education; it offered a platform to grow as an individual. The unwavering support of my professors, the opportunities to pursue innovative ideas, and the exposure to diverse extracurricular activities made my journey truly unforgettable. The technical foundation, critical thinking skills, and collaborative mindset I developed during my time there continue to guide me today.

With deep gratitude to SSN, I look forward to carrying forward the lessons and values I gained, striving to make meaningful contributions to the fields of technology and innovation.

Write up 3: Mr. Shyamal Rao Palli (Department of IT, 2002-2006 Batch)
Executive Director, Morgan Stanley, Greater New York City Area, USA.

Shyamal Rao Palli, an alum of SSN College of Engineering (2002–2006), has always embraced challenges. His journey began with his father challenging him to secure admission to [Sainik School Amaravathinagar](#), where he developed a strong foundation in discipline and perseverance. Despite setbacks in his medical aspirations, Shyamal chose engineering and joined SSN College, where he excelled both academically and in extracurricular activities.

Hailing from a middle-class family, he took a loan for his studies and received a [merit scholarship](#) in his second semester. [He committed to giving back by volunteering for various roles like class representative and symposium in-charge.](#) As [President of the Association of Information Technologists \(2005\)](#), he led his team to double the symposium's sponsorship and participation, [raising 3 lakh INR and attracting 2,000 participants](#). He also [played a key role in organizing SSN's first inter-college cultural fest, Instincts 1.0, which saw 10,000 students attend.](#)

Shyamal's leadership extended beyond the campus. He [contributed to the success of Tribute 1.0, the SSN alumni meet in 2010](#), and later served as [President of the USA Chapter of the SSN Alumni Association](#). Under his leadership, alumni raised funds for scholarships benefiting rural students. In 2024, 200 alumni raised 20 lakh INR to support 50 students.

Currently, Shyamal is an [Executive Director](#) at [Morgan Stanley](#), leading a global department in Operations Technology. With a career spanning 16 years, he specializes in digital transformation and legacy modernization. He [holds a Master's degree in Computer Science from Johns Hopkins University](#).

Living in the US with his wife and children, Shyamal is passionate about learning and mentoring, particularly in technology and finance. He lives by the principles learned at SSN: "[Learn and teach everything you've learned](#)", "[Help others without expecting anything in return](#)", and "[Seek challenges and think big.](#)"

Strengthening Bonds, Fostering Growth – SSN School of Management

Stakeholders

The **SSN School of Management** cherishes its **alumni as key stakeholders** in the department's success, with active support from various groups. The College Management provides visionary leadership to enhance alumni engagement, while the **Student Alumni Representatives (SARs)** serve as a crucial bridge between alumni and students, fostering collaboration and knowledge exchange. The **Alumni Association** offers a platform for alumni to stay connected, contribute to departmental initiatives, and participate in events promoting growth and camaraderie. Additionally, the **Mentorship Committee** facilitates alumni-guided mentorship for students, providing career guidance and industry insights, and the **Social Media Committee** ensures vibrant communication by sharing updates, achievements, and events. Together, these stakeholders uphold the values of SSN School of Management, nurturing a strong and engaged alumni network.

Annual Alumni Meet - Tribute 2025

Date: 04 Jan 2025 (Saturday)

Overall, 500 alumni participated

Tribute, SSN's highly anticipated annual alumni reunion, took place on the first Saturday of 2025. On **January 4th Tribute '25** brought together graduates from the founding batch to the most recent alumni, creating a vibrant celebration filled with joy, pride, and nostalgia.

The event saw a large number of enthusiastic participants from the **founding batch of 2000**, who were celebrating the **25th anniversary of their graduation**.

Tribute '25 featured **Alumni Payanam**, a unique networking initiative that enabled entrepreneurs and professionals across batches to connect, share, and grow through the exchange of ideas and experiences.

Mr. Shyamal Rao Palli, Executive Director at Morgan Stanley, was recognized with the Distinguished Alumnus Award 2024. He is credited with many firsts during his days as a student and continues to contribute so as a professional today.

The event was managed by the [SSN Office of Alumni Relations in collaboration with the SSN Alumni Association](#) and supported by alumni sponsors. The student volunteers gained invaluable insights while interacting with our alumni participants.

Alumni and their families traveled from different parts of the world to be at the SSN Campus on this special day.

Tribute'25: SSN Alumni Reunite for a Joyous Annual Gathering – Celebrating Legacy and Nostalgia

Sponsors

Many Alumni reached out to be sponsors during Tribute 2025.

Heartfelt Thanks to our Donors for Transforming Lives

Dear **Alumni Donors**,

On behalf of SSN, we want to express our deepest gratitude for your generous support in making education accessible to those in need. Thanks to your contribution, **50 students** have been given the opportunity to pursue their dreams and build a brighter future through education.

Total funds: ₹ 19, 85, 000/-

Your kindness and belief in the power of education have not only transformed the lives of these students but have also inspired them to strive for excellence. The ripple effect of your generosity will undoubtedly extend far beyond the classroom, fostering a positive change in their communities.

We are incredibly fortunate to have donors like you who believe in making a tangible difference. Please know that your support is cherished and profoundly appreciated.

Thank you once again for your invaluable contribution. Together, we are shaping a better tomorrow.
